

## Haiku

Rezzurrection Day.

Second Coming? No, Second

Life, a new starting.

## Friendship Haiku

Today I made friends

With Thinkerer Melville but

He doesn't know yet

bird on a wire, friends

on a list - but I wonder,

whose song is sweeter?

## In memory of someone I never knew

-----

Someone died last week

And was buried in SL,

Inside a pine box

(apparently there was a funeral synchronised between RL and SL - the SL funeral lasted three hours and several people came to speak on behalf of the deceased, using Voice; I didn't know the person in either world, so I hope they forgive my slightly macabre sense of humour).

## no haiku

-----

this week I didn't

have time to write a haiku

am I forgiven?

oh I have just seen

"no haiku" is a haiku

what should I do now?

## Would I Lie To You, or fib ?

-----

I'm

not one

for gossip -

so you can tell me

all your deepest thoughts and secrets :

I won't tell a soul,

not even

"you know

who"
